

Welcome to the New Futures Group - our support group for people between jobs

Know anyone who is or will be between jobs in or near Edinburgh? Then do tell them about this. You can also direct them to our website – www.businessmattersedinburgh.com/events – the Events page.

The staff and Trustees of business matters, together with well-wishers throughout the business and offices community in our city, want to be of service to people facing redundancy or who are between jobs.

Of course, in many cases people will be receiving assistance from their previous employers and private sector and government agencies, like Penna, Jobshop and Jobcentre Plus. Our aim in hosting our Group is to *supplement* the good help of all those. From week to week we bring in skilled partners to speak about (NB the following timetable is subject to change):
